## ABOUT SKYLINE

With over 25 years of experience, Skyline is a prominent aviation company based in Ankara Esenboğa Airport. As the SHY 145 Authorized Aircraft Maintenance Center and Aircraft Operator, Skyline has consistently delivered exceptional services in the industry. In 2008, the company achieved a significant milestone by securing the first-ever Helicopter Air Ambulance Tender in Turkey, which involved the launch of 19 helicopters under the Ministry of Health. This marked the beginning of Skyline's expertise in helicopter operations, maintenance, and training.

Presently, Skyline offers a comprehensive range of services to its clients. These encompass Operations such as Ambulance, Offshore, Charter, VIP, and Cargo, as well as Maintenance for both rotary and fixed-wing aircraft. Additionally, the company provides Logistics, Training, Aircraft Sales, PPI, Consultation, Aircraft Hangering, and more. Skyline has been maintaining helicopters and fixed-wing aircraft at its state-of-the-art facilities in Ankara and Istanbul since 1998, catering to various models including Bell, Airbus (Eurocopter), and others.
